Elijah Sky : Elijah's Ultimate Guide to Tokyo Disneyland Park 2015 (Elijah's Ultimate Guides) (Volume 1) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Elijah's Ultimate Guide to Tokyo Disneyland Park 2015 (Elijah's Ultimate Guides) (Volume 1):

This book is also notebook paper tall and ...By JaymeI tried this book out because we are going to Japan in one year. It's not so obvious when you order the book that this book only covers Disneyland and not the resorts nor the other park DisneySea. This book was fairly disappointing as it lacks maps, has a few typos (have instead of half for example), and in general gives very top level reviews of each ride. It also gets the Haunted Mansion background story wrong which is a minor. I was looking for a book that prioritized my day for me, highlighted the must-sees, and shared

the the parts about this park that made it unique. I found the formatting challenging with a lot of paper space wasted. This book is also notebook paper tall and wide so it's not ideal to pack at all. It's not a bad introduction, but I could have gotten a list of rides off the internet.
