couldn't finish this book, which is silly given how breezy a read it should have been. I have read most of the books in this series and find them perfect beach books. I don't expect excellence in writing, but I do like writing that isn't infuriatingly poor. There was probably a decent experience to learn about, particularly as there isn't much written about the Disneyland program. However, half the book consisted of be short, choppy, incomplete sentences and thoughts. As well, there were many "I don't remember." beginnings to sentences: this is a diary, so you OUGHT to remember or don't bother bringing it up. I wasn't a bit engaged or sympathetic to the author and gave up midstream. 0 of 0 people found the following review helpful. Quick read By Tisha Eaton It's a quick read, and honestly that might be the only thing going for it. The grammar is terrible and it constantly seemed as though there was more to stories but she cut them off. She would start something, then say we didn't want to hear about that. Of course we did, it's why we bought the book! Don't really learn any new information and for a "diary" she forgot a lot. I only hope her photos were better than her writing 0 of 0 people found the following review helpful. A few sparks of creativity here and there, but overall couldn't believe this was from a college graduate. By Richard J Hayden Didn't think the writing was bad, just frustratingly immature. No need to pile on further.

Smile and Say "College Program" Shy Jersey girl Elizabeth has always had a soft spot for Disney, and for film, and so she decided to pave the way for her future career at the Disney studio by applying for a semester of "work study" as a PhotoPass photographer at Disneyland through the college program. It's hard to channel your inner Spielberg from behind the lens of a company-provided SLR camera taking scripted shots of persnickety guests. But Elizabeth took the exposure and ran with it, happily crossing off personal goals on her "things to get done at Disney" list, and (as so often happens in the Disney College Program) gaining maturity and confidence from dealing with moments both magical and miserable. Former Disneyland Cast Member Elizabeth Coram shares: The unique pleasures and pitfalls of working as a PhotoPass photographer at Disneyland A simmering roommate feud explodes over the amputation of a construction paper cut-out called "Big Turkey" How rain and Disney bureaucracy spoiled Elizabeth's photo shoot of a wedding proposal at Sleeping Beauty Castle but put 40 bucks in her pocket, anyway How a cast member shortage and Disney bureaucracy spoiled Elizabeth's "dream date" with Jack Skellington but then a happily ever after salvaged it Plus, the usual EARS mix of off-the-wall guest and cast member stories, and enlightening peeks backstage at Disney theme parks DISNEYLAND WITH THE LENS CAP OFF! Elizabeth Earns Her Ears is the eighth volume in the popular "Earning Your Ears" series. If you've never been in the Disney College Program, this is the next best thing!
