**J-K 1848-1907 Huysmans, C Kegan 1828-1902 Paul : En route** before purchasing it in order to gauge whether or not it would be worth my time, and all praised En route:

0 of 0 people found the following review helpful. If your eyesight is mediocre or you don't like reading fine print By Bebert I have not read the book. This is a review on the font size, which is so small it is difficult for me to read. I've made this mistake once before and I'm frustrated that I've made it again. En Route is a book in the public domain. Anyone is free to publish it, in whatever layout and font size. If the listed publisher is Createspace or another independent or self-publishing company, be aware. If your eyesight is mediocre or you don't like reading fine print, you should compare books printed by non-traditional publishers. Check the page length of the book. Fewer pages generally means a smaller font size. If you don't like small font size, spend the extra money and buy the "longer" book. I don't fault the publisher. Fewer pages means the book is less expensive to produce and perhaps cheaper for the

customer. The page count can be lowered by reducing the font size, but sometimes it gets ridiculous. Buyer Beware! In this case, the content is there. The book construction is good. You'll just be taking a 219 page eye test. 1 of 2 people found the following review helpful. Rather exclusive  
By Customer  
Not much of a mystic myself, but this does seem to be a very good literary treatment of the Catholic branch of it. The culminating visit to the monastery library was particularly enjoyable. The more carnally inclined will find this book rather dry, though-even the bit where M. Durtal is assaulted by a succubus. 3 of 5 people found the following review helpful. Religious journey  
By Shirley Musich  
To someone raised in the Catholic faith, this book is familiar territory. To those not familiar with stories of mythical experiences and presence of evil in the world, the book may be enlightening.

This book was originally published prior to 1923, and represents a reproduction of an important historical work, maintaining the same format as the original work. While some publishers have opted to apply OCR (optical character recognition) technology to the process, we believe this leads to sub-optimal results (frequent typographical errors, strange characters and confusing formatting) and does not adequately preserve the historical character of the original artifact. We believe this work is culturally important in its original archival form. While we strive to adequately clean and digitally enhance the original work, there are occasionally instances where imperfections such as blurred or missing pages, poor pictures or errant marks may have been introduced due to either the quality of the original work or the scanning process itself. Despite these occasional imperfections, we have brought it back into print as part of our ongoing global book preservation commitment, providing customers with access to the best possible historical reprints. We appreciate your understanding of these occasional imperfections, and sincerely hope you enjoy seeing the book in a format as close as possible to that intended by the original publisher.

About the Author  
J.K. Huysmans began writing as a naturalist in the style of Zola. He changed from being an obscure author and art critic to one of the most famous authors of his day with the publication of *A Rebours* (Against Nature) in 1884. His novel about Satanism, *La-Bas* (1891) is the cult novel of the nineteenth century.
