Melany Neilson : Even Mississippi before purchasing it in order to gage whether or not it would be worth my time, and all praised Even Mississippi:

0 of 0 people found the following review helpful. Well written novel about working for a black political candidate ...By TerryWell written novel about working for a black political candidate in racially charged Mississippi. It could have been written about an election today!1 of 1 people found the following review helpful. A rich in depth story of politics, race, and growing up.By A CustomerThis book may appear like it would only appeal to southerners, however, its about growing up and how we some things change and others stay the same. The feelings of a woman opening up regarding race are what makes this book. Read it and see if you don't agree.

Recounts State Representative Robert Clark's two unsuccessful bids for the U.S. House of Representatives, and shares the author's account of how she became involved in his campaigns.

Its really a pleasure and a cause for exhilaration to make this acquaintance with Neilsons work. I read Even Mississippi with liking and admiration. Neilson writes well and clearly, straightforwardly, and with the ability to convey a place, a scene a scene with people and a time, in history as well as on the calendar. . . a sensitive, careful work. Eudora Welty, Jackson, Mississippi
