**Patricia Caulfield, Ted Levin : Everglades National Park: A Tiny Folio** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Everglades National Park: A Tiny Folio:

0 of 0 people found the following review helpful. Four Stars By Sue Maier Great little book, my students loved it

Designated as a United Nations world heritage site, the Everglades consists of vast watery regions as well as swamplands and is home to an amazing diversity of plants and wildlife. This book provides aerial to close-up views of the park, arranged according to routes that a visitor might take on a tour. Suggested tours are shown on accompanying maps. 300 color photos.
