Jason Polan : Every Person in New York before purchasing it in order to gage whether or not it would be worth my time, and all praised Every Person in New York:

Jason Polan is on a mission to draw every person in New York, from cab drivers to celebrities. He draws people eating at Taco Bell, admiring paintings at the Museum of Modern Art, and sleeping on the subway. With a foreword by Kristen Wiig, Every Person in New York, Volume 1 collects thousands of Polan's energetic drawings in one chunky

book. As full as a phone book and as invigorating as a walk down a bustling New York street, this is a new kind of love letter to a beloved city and the people who live there.
