**Danny Gregory : Everyday Matters** before purchasing it in order to gage whether or not it would be worth my time, and all praised Everyday Matters:

3 of 3 people found the following review helpful. His drawings/sketches are expressive and demonstrate a style that I really enjoy and will try to mimic on my own By LuAnn Very touching story about how his family unit was changed by his wife's unfortunate accident. His drawings/sketches are expressive and demonstrate a style that I really enjoy and will try to mimic on my own. I liked that this was not a "how-to" book, but still it visually shows a drawing style, from a simple doodle, to more completed drawings (with watercolor), how the reader could learn to draw. Love this little book! 0 of 0 people found the following review helpful. Everyday Matters by Danny Gregory By Luvnlife500 This is a

great book on Danny Gregory's venture into sketching. It's a very moving story behind his inspiration to sketching everyday and finding the beauty in the world around you. The story is easy to read and the artwork is Amazing! 0 of 0 people found the following review helpful. My first book on sketching...great book.By Sarah SmileSuch an honest first person experience. A wonderful teacher in sketching.

"Two years before I started drawing, my wife was run over by a subway train. Sounds really terrible, I know. But, well, this book is about how art and New York City saved my life."When Danny Gregory's wife was severely injured, his life was changed in an instant. Searching about for meaning for what had happened to his little family, he began to create a richly illustrated journal of his life. Gregory as driven to record and comment on every aspect of his life, from dirty dishes to cathedrals, from hospital wards to life-drawing classes, from brunch with Hell's Angels to book shopping at the Strand.This unique book chronicles his discovery of drawing, his wife's rehabilitation, his son's infancy, and the life of the city he loves. Funny, bittersweet, romantic, and perverse, Everyday Matters is an inspiration, an invitation to look for the beauty and significance in the details of our daily lives.

"...a slow-food sketchbook of the soul of a husband and caregiver..." -- Milwaukee Journal Sentinel, March 29, 2003"The best real diary-a graphic memoir to be precise-found unlocked in bookstores now is Danny Gregory's 'Everyday Matters.'" -- The National Post (CA)At times heartbreaking, but more often uplifting... a must for anyone searching to reconnect with a lost inner artist. -- Creative LoafingGregory's eloquent tone and obvious devotion to his family and art convey extraordinary poise and humility. -- Gotham MagazineThis poignant journal about life after the accident is nothing short of inspiring. -- The Greenwich CitizenAbout the AuthorDanny Gregory lives in New York City.
