**Ten Speed Press Staff : Everywoman's Travel Journal** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Everywoman's Travel Journal:

The receiver was ecstatic over all the little extra's that were included in this travel journal. Without being overly intrusive, the ideas and suggestions guide the user into including important and memorable events as well as day to

day occurrences on their trip and encourage interaction with fellow travelers and those they meet along the way. My only suggestion would be the color. Yes, I know some people are wild about orange, but I would have loved it in another color. 0 of 0 people found the following review helpful. Thin Practical! By Susan Gave as gift for a special trip! Has a place for date and location + other travel/language info. Shouldn't take up too much space in the back pack! Should be pretty simple to use and a way to jot down the adventures for future reminiscing! 0 of 0 people found the following review helpful. Recommend By Megan Well done and simply nice - to use or just to inspire travel dreams. Would make a good gift.
