following review helpful. If you think you know Minnesota...By DioramaYou don't, until you've read this guide! This comprehensive look at the state contains wonderful surprises even for lifelong residents. With lively writing and a sharp eye for hidden treasures in every corner of the state, the author guides readers to the Minnesota which has been living a secret life behind the stereotypes all these years. Have you spent a night in The Old Jail BB? Visited the Judy Garland Museum? Eaten baked beans at the Bean Hole Days festival? Well, what are you waiting for?

"A classy series with encyclopedic coverage."National Geographic Explorer Not only are there 10,000 lakes in Minnesota (15,000, actually), but award-winning chocolatiers, too. A friendly guide written by a lifelong resident.
