W.C. Jameson : Exploring Branson: A Family Guide (Uncovered Series City Guides) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Exploring Branson: A Family Guide (Uncovered Series City Guides):

1 of 1 people found the following review helpful. A Branson Vacation Timesaver By Greg Simpson I have always felt it is better to be informed before going on a vacation instead of taking the laissez faire come-what-may attitude. I like spontaneity, but I am afraid I will miss out on some of the really good stuff. Unfortunately, this book is several years

old, and much of the information is out of date. However, the historical information, the outdoor activities info, and general information on the Branson area is great. The weakest section is on the many performers and shows that make Branson famous, and that is the result of so many changes in the theatre lineup since this book was written. There is an excellent section on restaurants that makes you want to travel to Branson just for the meals. Many of these restaurants have survived the years, but many new ones have appeared since this was written. I use this book as a guide - if a specific restaurant appeals to me, I use the Internet to try to verify and update the info. This is a very good book, a true five star rating, if only it was more current. 0 of 1 people found the following review helpful. A "MUST HAVE" FOR ANY MISSOURI TRAVELER! By Dave Derk WHAT CAN I SAY! I LOVED THE BOOK, YOU WILL TO!

Branson offers the beauty of the Ozark Mountains, rivers, and lakes as well as a variety of family activities and diverse entertainment. Join author W.C. Jameson as he explores the historical background of the region, the music scene, the surrounding countryside, and the local attractions.
