**Lee Siani : Exploring Martha's Vineyard on Bike Foot** before purchasing it in order to gage whether or not it would be worth my time, and all praised Exploring Martha's Vineyard on Bike Foot:

19 bike rides and 14 hikes to the quiet corners of this island.

From Library JournalChappaquiddick, Gay Head, Edgartown, Tisbury, Vineyard Haven--these are some of the Vineyard's romantic names, which Northeasterners reminisce and dream about during the winter months. But there are other just as interesting but lesser-known points to explore on the island. Sinai, a Vineyard resident, presents 19 hikes/walks and 14 biking itineraries for those who desire to investigate inexpensively all parts of this popular resort island. Each plan lists the approximate time and distance of the trip, the terrain to be negotiated, item-by-item directions, food and drink sources, and bathroom facilities. Also included are uncluttered maps, tips on bicycling safety and equipment, hiking rules, poison ivy and tick precautions, and advice on how to get to the island. Public libraries east of the Susquehanna and Finger Lakes will want this inexpensive guide for their more peripatetic clients.- Scott Johnson, Meridian Community Coll.
