Took it on a recent trip to San Diego and had a lot of fun filling in the pages with admission stubs, photos, and guide maps. As we travel a lot, I only wish there were more cities to choose from!1 of 1 people found the following review helpful. It does not have a lot of pages and it is not useful as travel guideBy BillThis is more of a kids book. It does not have a lot of pages and it is not useful as travel guide.3 of 3 people found the following review helpful. Best San Diego Trip!!By FunMomSAN DIEGOWhat an original idea! I haven't seen anything quite like these before and I think the books are a lot of fun. The kids liked the activities for sure, but what I liked best was giving the books to the kids as we started our road trip down to San Diego. They got to look at pages for all the stuff we planned to visit and got excited about the trip. As soon as we hit the parking lot they were trying to complete the activities (like scavenger hunts, drawings, rubbings, photos, trivia, etc.). Kudos to the folks who made these (looks like it's a family-owned publishing company or something).

San Diego's vibrant multi-cultural history is a boon to travelers and a great opportunity for kids to learn about California's unique story. The world class San Diego Zoo anchors this seaside community and its wealth of museums, monuments, parks and beaches. Your family will be impressed by the daring maneuvers of surfers in the sea and world-class Navy pilots in the sky as helicopters and jets fly overhead. This book brings all of the city's excitement to life! Destinations include: The Beach, Mission Bay, Cabrillo Monument, Maritime Museum, Seaport Village, Tide Pool, Old Town, Balboa Park, Bazaar Del Mundo, New Children's Museum, San Diego Zoo, Corvette Diner, Special San Diego Meals and more! A family vacation to San Diego will be even better with a Jr. Travelers Series book. This is a trip you and the kids will never forget. Each Jr. Travelers Memory Book contains activities tailored to specific destinations or themes. While visiting each destination, your child collects items, answers trivia, writes stories, finds objects, or does something particular to that location. As he or she completes each activity, your child will accumulate a collection of items, artwork, stories, and mementos. Some of these are preserved by writing or taping them directly onto the pages of the Memory Book. By simply completing each fun activity during a family outing, your child transforms their "activity book" into a Memory Book that lasts a lifetime. \*\* GO TO [WWW.TRAVELERSSERIES.COM](http://WWW.TRAVELERSSERIES.COM) TO LEARN MORE OR VIEW A BOOK PREVIEW \*\*
