The eyewitness guide about New York is the best one you can get, once you buy an eyewitness guide book you'll always want to buy the eyewitness guide for all the other destinations you are planning to travel. It is designed in a wonderful style you learn and see the city differently and you love all the restaurants, bars, cafes, and hotels which are shown there. Anything described in the book deserves a

visit. They really know the places to go. Believe me I am a tourist guide myself, and I believe do know what is important when you travel. Thanks for this wonderful book! 0 of 1 people found the following review helpful. Very good book

As a New Yorker I would recommend to use this book as a travel guide. I'm not sure about hotels info in this book but attractions coverage is great!

Truly the guides that show you what others only tell you, this book features stunning 3D and cutaway views of museums, cathedrals, and other must-see sights; detailed street maps; a handy phrase section; advice on the best places to eat, drink, shop, sleep, and be entertained; and a Survival Guide to help the traveler sort out essential information such as currency, transportation, and communications. As world traveler and TV personality Michael Palin says, "the Eyewitness Travel Guides are irresistibly seductive.... They also deliver where it matters most -- uncluttered and accurate information." Now everyone can enjoy the luxury of first class travel with this stylish and practical deluxe edition of the practical and informative DK Travel Guide to New York. This deluxe edition, bound in beautiful fine-grained black leather, also includes a separate fold-out city map, information cards with theatre maps, menu decoders, wine vintage charts, emergency telephone numbers, and more
