Anne S. Easterling : EZ Fun Guide to Walt Disney World 2007: Year of a Million Dreams Special Edition
before purchasing it in order to gage whether or not it would be worth my time, and all praised EZ Fun Guide to Walt Disney World 2007: Year of a Million Dreams Special Edition:

0 of 0 people found the following review helpful. Two StarsBy Aimee RansomOk guide3 of 3 people found the following review helpful. A fun and useful guideBy A. HurstI really like this guide book. I own many WDW guide books and this is one I would recommend to others. It has the most helpful maps of any WDW guide book out there. It isn't as in depth as some others but it provides a very good overview and lots of helpful planning sheets to fill out. I will be purchasing the next edition !1 of 2 people found the following review helpful. EZ FUN GUIDE WDW 2007 - GREAT BOOK !By T. SweeneyTHIS RESOURCE MATERIAL IS A BIT EXPENSIVE COMPARED TO SOME OF THE OTHER BOOKS, AND AT FIRST SIGHT IT DOESNT APPEAR TO LOOK LIKE A LOT OF MATERIAL -BUT IT IS WORTH IT!IT IS A FUN BOOK TO LOOK THRU!! I WOULD SUGGEST PURCHASING IT 6 MONTHS BEFORE YOUR TRIP, SO YOU HAVE TIME TO MAKE MENTAL NOTES OF ALL YOU

WANT TO DO AND YOU MAY EVEN WANT TO PACK IT WITH YOU.

Recently updated for the Summer 2007 vacation season, the EZ Fun Guide to Walt Disney World is the fun-to-read, easy-to-use Walt Disney World travel guide and vacation planner. Most travel guides contain too many words, too few maps and pictures. The EZ Fun Guide features 38 pages of unique color-coded theme park maps, plus dozens of checklists and tables to get to the point faster and easier. Every attraction, restaurant, shop and resort hotel is described concisely and highlighted on the maps. You can quickly find what you want to know about the theme parks, other attractions, resorts and more! Whether you are a compulsive planner or dislike having to think of so many details, the EZ Fun Guide to Walt Disney World makes preparing for your vacation fun and easy.

From the Publisher We each have our own special memory of the moment we fell in love with Walt Disney and began to believe in magic and dreams. Perhaps you remember the original Disneyland television series. Maybe you were converted by one of the classic Disney movies or are part of the "Disney Channel" generation. Or you may be a parent or grandparent who loves Disney simply because your little ones love Disney. In any case, you trust the power of dreams. Walt's dreams knew virtually no boundaries, but he felt hemmed in by the surroundings of his first theme park, Disneyland in California. So he created a new place where there was enough room many more dreams -- 47 square miles of mostly undeveloped land in Central Florida. In 1971, his dream came true as Walt Disney World opened with fanfare befitting the coronation of a king. Within a decade, Disney World reigned supreme in the travel industry. In the 30-plus years since its opening, vacationing at Walt Disney World has become an American tradition. Even international travelers rank Disney World as one of the top vacation destinations. As Disney World grew, so did the size of the typical Disney World travel guide. Those guides work for travelers who want or need detailed information. But over the years, I encountered many families -- including my own! -- who wished for a simplified, illustrated book that was more like SparkNotes and less like an encyclopedia. So I set out to fulfill my own dream: a fun-to-read, easy-to-use travel guide filled with maps and checklists, a guidebook that even travelers who hate to plan could love! The result is the book you are reading. The EZ Fun Guide(tm) to Walt Disney World was written and designed using proven information-sharing techniques based on the power of illustrations and structured writing. Color-coded, descriptive EZ Fun Maps(tm) describe the major theme parks, water parks and other selected locations. Information that is not appropriate for maps is presented in checklists and tables, so you can easily find the information that you need. The final chapter is the EZ Fun Vacation Planner, a series of planning pages called EZ Fun Sheets(tm). Using what you have learned in earlier chapters, you and your family can easily plan your theme parks visits and other recreation, select your resort hotel, plan your meals and budget for your vacation. Unlike other travel guides, this won't be a generic plan. Your vacation plan will be customized just for you! From the Author You're planning (or at least thinking about) a trip to Disney World, right? But you're having trouble finding a travel book that doesn't overwhelm you with details. You'd love to find a resource that gives us the essential facts in a format that's easy and fun to read, right? I agree. My family loves Disney World but hates to read an encyclopedia to plan our Disney vacation fun. That's what most travel guides (and many web sites) feel like to us. So I wrote a travel guide for travelers like us. Rather than pages of text, you'll find maps, charts, table and checklists to plan your vacation. Here's another benefit of the EZ Fun Guide to Walt Disney World: Other travel guides labeled "2006" were produced last summer and may have outdated information. Because of the production method that is used for the EZ Fun Guide, it is updated throughout the year so it probably the most accurate 2006 Disney guide you can find. About the Author Author Anne S. Easterling shares what she has learned during her 10-plus years visiting Walt Disney World. She has combined her experience as a teacher, communications expert and event planner with her belief in Disney magic to help you plan your perfect WDW vacation.
