Thomas E. Alexander, Dan K. Utley : Faded Glory: A Century of Forgotten Military Sites in Texas, Then and Now (Tarleton State University Southwestern Studies in the Humanities) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Faded Glory: A Century of Forgotten Military Sites in Texas, Then and Now (Tarleton State University Southwestern Studies in the Humanities):

0 of 0 people found the following review helpful. Very interesting account of Texas history. Ties in a ...By Kenneth M PaceVery interesting account of Texas history. Ties in a lot of other facets. A shame has caved in to Political Correctness on the Rebel Flag issue. Simply a matter of history and heritage. From now on if I can find it elsewhere, I will buy it elsewhere.1 of 1 people found the following review helpful. was greatBy aiahninchihoyowas great to learn more texas history, and in particular, the forts of txgreat read for tx history buffs0 of 0 people found the following review helpful. Five StarsBy Big RedInteresting for military buffs

Each of the wars fought by Texans spawned the creation of scores of military sites across the state, from the lonely frontier outpost at Adobe Walls to the once-bustling World War II shipyards of Orange. Today, although vestiges of the sites still exist, many are barely discernible, their once-proud martial trappings now faded by time, neglect, the elements and, most of all, public apathy. ?In *Faded Glory: A Century of Forgotten Texas Military Sites, Then and Now*, Thomas E. Alexander and Dan K. Utley revisit twenty-nine sitesmany of them largely forgottenassociated with what was arguably the most tumultuous hundred-year period in a five-century span of Texas history.?Whether in the war with Mexico, the American Civil War, in clashes between Indians and the frontier army, or in two worldwide conflicts fought on foreign shores, Texas and Texans have often answered the call to arms. Beginning in 1845 and continuing through 1945, the Lone Star State and its people were fully involved in seven major conflicts. ?In this thoroughly researched and absorbing guide, Alexander and Utley recount the full story of the sites from their days of fame to the present. Comparing historic sketches, paintings, and period photographs of the original installations with recent photographs, they illustrate how time has dealt with these important places. Providing maps to aid readers in locating each site, the authors close with a resounding call for preservation and interpretation for future generations. ?The descriptions and images restore, at least in the minds eye, a touch of vitality and color to these forgotten and disappearing sites. Thanks to *Faded Glory: A Century of Forgotten Texas Military Sites, Then and Now*, both the traveler and the armchair tourist can recover a sense of these places and events that did so much to shape the military history of Texas.

"Tom Alexander and Dan Utley, two outstanding historians with a great wealth of information and knowledge on military history between them, have gotten together to make '1+1' into much more than '2.' Make it a full '10' for their thorough review of what remains from our militant history to teach present and future Texans."--Archie P. McDonald, Southern historian
