E. Larry Beaumont : Faith in Motion before purchasing it in order to gage whether or not it would be worth my time, and all praised Faith in Motion:

Larry Beaumont is a consulting engineer whose career has made it necessary to be away from his Denver, Colorado home more than he would have liked. He realized that many other traveling businessmen must face the same boredom, loneliness, and temptations that he did, so he spent his otherwise idle evenings and airport layovers writing "Faith in

Motion." In 365 daily devotions, Mr. Beaumont points out that God is along on the trip...that He cares...that He understands...that He guides...that He gives the itinerant businessman the opportunity to witness to others along the way. The reader will be refreshed and inspired on a daily basis through Mr. Beaumont's personal anecdotes (sometimes humorous, sometimes heart-rending). He asks, "Does your job serve God or just you? Are you letting Him down because you don't have time to do 'real' ministry? Do you wonder if there is a God at all?" Whether or not you are a traveler, you will be a more enlightened person a year from now from having read, "Faith in Motion" -- or perhaps you won't be able to put it down and will finish it more quickly. I did! 0 of 0 people found the following review helpful. Read it! By Mitch Beaumont This book is evidence of Larry's Biblical expertise and writing skills in one book. This book may not be popular yet, but once the right people get their hands on it, won't be able to keep in stock!

Faith In Motion is the first daily devotional book written by a frequent business traveler specially for frequent travelers and business persons. Drawing on a wealth of travel-related stories in the Bible, readers identify their own experiences with those of Abraham, David, Elijah and other Old Testament characters, before coming face-to-face with the greatest frequent traveler of all time: Jesus Christ. Faith in Motion offers an entirely new perspective for why God placed you where you are. And since all people are frequent travelers along the journey of life, people in all walks of life have enjoyed its approach.

"I am very impressed with the power of your writing. Brevity is rare, and brevity with clarity is a gift. Pardon me if I gush, but I really mean what I say. This is find and important work!" -- Bonnie Taher, Graphic Designer "I make it a habit to make Faith In Motion first as soon as I get into the hotel room and unpack. I also always make a point of leaving a copy out in the room when I check out with the hope that a maid might find it and read it as well. Thanks, Larry. Many times over the long NBA season you are definitely an oasis in my desert!" -- Jerry Schemmel, Broadcaster, Denver Nuggets About the Author E. Larry Beaumont graduated from Michigan State University in mechanical engineering and has studied at Iliff School of Theology and Denver Seminary. He has published numerous technical articles and chapters in technical reference books in the energy management and environmental fields. He was a senior partner and director of a major division in a large national engineering consulting firm and is now Vice President of Technologies for a energy production and recycling company. In 1993 he founded the Christian Travelers Network, dedicated to encouraging and refreshing frequent travelers and their families. Larry is a native of Bedfore, Ohio, and lived in the Littleton, Colorado area since 1973 with Sue, his wife of over thirty years.
