DK Travel : Family Guide New York City (DK Eyewitness Travel Family Guides) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Family Guide New York City (DK Eyewitness Travel Family Guides):

1 of 1 people found the following review helpful. Great guide By AbuelaLinda I looked at several guides at my

daughter's house and thought this guide for visiting NYC with children was the best. My children are all grown up, but we purchased it anyway. I liked the focus of the book and felt most of the attractions are ones I would like to visit. We are looking forward to using it on our upcoming trip. We got engaged on top of the Empire State Building 47 years ago and I have never been back to NYC. I was shocked to learn that the entrance price is now \$20.00. It was \$1.90 47 years ago. And there was no wait back then. This book is excellent for those of us in our second childhoods and for the young at heart in addition to families with children. 0 of 0 people found the following review helpful.
