This diverse collection of day trips in Central Florida was compiled from suggestions by residents of 'The Villages,' who shared their favorite attractions with author and travel writer, Gillian Birch. More adventurous visitors will find local opportunities to hand-feed elephants, get up-close and "chuff" with beautiful big cats, or spin through 360 degrees on a wild airboat ride! Enjoy trolley tours, coach safaris, boardwalks, and wildlife parks where you can see manatees, wading birds, and even a hippo with special Florida citizenship, all just a short drive from your home in 'The Villages'.

From the Author When I asked residents of The Villages to send me suggestions for their favorite days out, I could never have imagined the overwhelming response I would receive. I had no idea just how innovative, widely traveled, and fun-loving 'The Villages' residents are! The days out that people submitted covered some fabulous places to visit, including state parks, animal sanctuaries, museums, gardens, stately homes, airboat rides, historic cities, walking tours and far more. Inevitably, many people suggested the same places, so generally I gave credit to the first person to come up with the attraction. Some used their own name; others preferred to use an alias. However, their personal comments make this a warm collection of days out recommended by your friends and neighbors within 'The Villages' community.
