imaginable: region, level of difficulty, season, even by type of hike (best views, best wildflowers, best waterfalls)! His descriptions of the hike make even poorly marked trails easy to navigate. This area has quickly become my favorite area to hike in large part due to this book. I have yet to be disappointed! Best part of all? This version is several years old and still extremely relevant and usable!0 of 0 people found the following review helpful. Helpful and InspiringBy Tritia JamesThis book is full of great adventures and trails. It has good directions and hints as to best time to go on each outing.0 of 0 people found the following review helpful. Five StarsBy Customerlots of details
