**Gerry Hardy, Sue Hardy : Fifty Hikes in Connecticut: Short Walks and Day Hikes Around the Nutmeg State**  
before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fifty Hikes in Connecticut: Short Walks and Day Hikes Around the Nutmeg State:

2 of 2 people found the following review helpful. It Gives You The Basics, The Rest Is Up To You By G. J. Wiener  
Gerry and Sue Hardy have put together a basic guide to fifty hikes in the State of Connecticut. It's easy to scan through and pick out easy hikes from hard ones as they are ordered well. Some basic maps are provided and light overview of the trail. However, if you want more information, you are best served to research on the Internet. You will discover that some of the Nature Centers are part of other organizations. And these larger organizations offer different and alternate hiking trails. In other words, the book is a bit outdated. The moral of this review is for you to investigate these trails further as only a basic overview is provided here. Therefore, the three star rating sounds appropriate.
