It not only offers valuable information and suggestions on places to go skiing but it gives beautiful pictures as well. The only suggestion I have is for it to have a picture of every destination mentioned. On some of the locations it's only text and no pictures. It makes me want to plan a ski trip! 1 of 1 people found the following review helpful. Great pictures and descriptions By Colleen Pescatore Great pictures and descriptions. My 13 year old son hates to read but loves snowboarding, this book was perfect because he was interested in going to all these places. 0 of 0 people found the following review helpful.
