Her doctor has both Momo books in her office. So we decided to go to the bookstore. They only had 1 which was the original "Find Momo". I came home and searched on to find the other book "Find Momo Coast to Coast".WOW I couldn't believe the price on here. Amazing. It was less then half of what I spent at the bookstore for the 1st book.Anyways my kids loves this book.I had it for about 6 months now. My older kids don't really bother anymore with it but my 1 almost 2 year old LOVES this book. She loves looking for Momo in all the pages. I can't believe how good she is at finding him with her little eyes fingers.I can't wait for another Momo book to come out.0 of 0 people found the following review helpful. Get rich off your adorable dog and maybe chicks too.By CPLOVE MOMO...best dog. I think this whole thing started with the photographer just trying to meet girls. "oh you think my dog is cute, he has his own IG..." they drop a DM on him and then....he meets his future wifey....MoMo you are the best matchmaker.0 of 0 people found the following review helpful. More Momo!By CindyI think my grandchildren wore out the original Momo book, it was always a favorite - and requested the moment they came over to visit - they absolutely loved looking for Momo. I'm so excited there's a second book out. I've given it as gifts already - and everyone loves the book!

Momo loves to hide and you'll love looking for him! In this follow-up to the New York Times best seller *Find Momo*, the canine Instagram superstar (and his best buddy, Andrew Knapp) travel across the United States and Canada, visiting iconic landmarks and unique off-the-map marvels. Look for Momo hiding in Grand Central Station, in front of the White House, and in the French Quarter of New Orleans . . . as well as at diners, bookstores, museums, and other locales that only a seasoned road-tripper like Andrew could find. Its part game, part photography book, and a whole lot of fun.
