Locations are all identified and covers all seasons. Great purchase. Only negative was that there was a sticker right in the middle of the front cover which took some work to remove. Still a little residual glue remains.0 of 0 people found the following review helpful. ... format book but for what it is it's very nice.By sockmonkeydrummerWish it was a larger format book but for what it is it's very nice.0 of 0 people found the following review helpful.
