Scott Richmond : Fishing in Oregon's Deschutes River before purchasing it in order to gage whether or not it would be worth my time, and all praised Fishing in Oregon's Deschutes River:

I can't really comment on the content as my husband is the one who reads it.0 of 0 people found the following review helpful. Interesting bookBy Hans-Juergen WalterInteresting book, maybe a bit out of date but still very usefull to start getting an idea about fishing the deschutes.4 of 4 people

found the following review helpful. A must have for any angler, especially on the Deschutes. By A Customer
By reading this book you will learn more about angling than by actually fishing. I was a self styled "expert" and taught many people how to flyfish on the Deschutes. This book is unique in that the true expert (the author) is not condescending, omits the egotistical ranting found in other "how to" books and does a great job of explaining things without mystifying the process. Before I take anyone fishing (spin, bait or fly) they now read portions of this book prior to the trip. Now my trips to the Deschutes with novices are much more fun, more relaxed and modest in the style of Mr. Richmond. When does the year 2000 edition arrive?
