Ken Albert : Fishing in Southern California before purchasing it in order to gage whether or not it would be worth my time, and all praised Fishing in Southern California:

0 of 0 people found the following review helpful. Reliable general guideBy doug dutsonThis book is a general guide that provides you important starter information to get you started fishing in SoCal. Like anything else worthwhile, your adventures will fill in the details. This is a good, reliable starter book.10 of 10 people found the following review helpful. Everyone who fishes in SoCal should have this book.By A CustomerA few years ago I was new to Southern California. Having grown up in the Northwest I was used to great fishing but when it came to SoCal, all the rules changed. I picked up a copy of this great book and found the information in it invaluable. Where, how and when to fish and excellent information on both lakes and saltwater. Get this book, go fishing, and have a great time!2 of 2 people found the following review helpful. An easy and informative readBy Paul TimmsGreat for reading on the go, a quick reference, contains what Fish are biting when and where, individualizes Tackle, Techniques, and Hot Spots for each Location. Plus tips on Cleaning, Storing, Dressing, Cooking and more. It has been so valuable that am picking up the Fishing in Northern California book tomorrow for a trip I am taking to Lake Tahoe

The complete guide to fishing in Southern California
