Buffalo Bill : The Great Salt Lake Trail before purchasing it in order to gage whether or not it would be worth my time, and all praised The Great Salt Lake Trail:

6 of 6 people found the following review helpful. reading "The Great Salt Lake Trail" made me realize where Hollywood got ...By Tyrone B.Having watched westerns since I was a small child, reading "The Great Salt Lake Trail" made me realize where Hollywood got all of it's great stories of the west from. The personal stories of the brave men and women that had the will to look for new opportunities in the west are incredible. A great read and one that I would recommend.1 of 1 people found the following review helpful. Horrible editing makes reading difficultBy Bobbi

Andrzejek While the stories are intriguing, the utter lack of professional editing makes some portions almost impossible to understand. Entire paragraphs are inserted into other paragraphs, rendering pages of text a meaningless jumble of sentences. Interspersed throughout are glaring typographical errors. There are several instances of text clearly intended to be a website link, as though the book was quickly and artlessly converted from an electronic version to print. I was looking forward to the pleasure of a good read. The stories are marvelous IF you can manage to decipher misplaced texts and other issues. Very, very poor editing.... if any editing was actually attempted. I can't recommend this version of the book at all. 0 of 0 people found the following review helpful. One Star By ancgen The print was too small to read.

William Frederick "Buffalo Bill" Cody (February 26, 1846 January 10, 1917) was an American scout, bison hunter, and showman. "Buffalo Bill" got his nickname after the American Civil War, when he had a contract to supply Kansas Pacific Railroad workers with buffalo meat. Cody is purported to have killed 4,282 American bison (commonly known as buffalo) in eighteen months, (1867-1868).
