**Rupert Isaacson : The Horse Boy** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Horse Boy:

In his deeply personal account, Rupert Isaacson tells the amazing story of his autistic son and his transformation through the healing power of horses. From his home in Texas to the wilds of Mongolia, we follow the Isaacson family on an epic journey on horseback - a journey that would test their love, challenge their beliefs and change their lives. This recording is unabridged. Typically abridged audiobooks are not more than 60 per cent of the author's work and as low as 30 per cent with characters and plotlines removed.
