**Professor Benson John Lossing : The Hudson** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Hudson:

0 of 0 people found the following review helpful. Good BOOKBy CustomerVery informative and well written. Good book that I would highly recommend to anyone who is studying theHudson River Valley and it's history.

Lossing unforgettably captured pre-Civil War America, when NYC numbered 300,000 people, and steamboats and railroads plied the Hudson River and its banks. The Hudson Valley was pastureland and farmland surrounding a few sleepy villages and a handful of bustling river ports, and Revolutionary War exploits were still a hot topic of conversation.

Lossing writes with a great pace and keeps the reader curious about what will appear around the next bend... -- Sunday Gazette, December 17, 2000
