By Leslie Feeney
If you are interested in learning a little history about Boston and finding out the best places to eat, shop and sleep, be sure to pick up this book. The author's clever and witty style makes it very entertaining. The book will lead you to the hidden gems in Boston. For those of us that are not great trip planners, this author even plans a perfect little two day agenda for you. This is a great little guide which I would highly recommend!

Instead of indiscriminately featuring everything and the kitchen sink, The HUNT team has donned our curatorial colored glasses and carefully selected 100 or so unique, authentic local businesses that range from eye-popping and

brand spankin new to deeply patinaed and WAY off the beaten path, funky and unexpected to chic and shiny. Over the last decade, our guides have become the go-to source for a worldwide community of locals and travelers who seek out genuine, intriguing independent businesses.
