Gatehouse Publishing : The HUNT New York City 5th Edition (The Hunt Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised The HUNT New York City 5th Edition (The Hunt Guides):

Theres no other city in the world quite like New York. The must-see list is mind boggling, and more than a little likely to induce a serious case of FOMO. From the sceney hipster enclaves of Brooklyn to the cobblestone streets in Greenwich Village that still echo the Beat generation, theres just something about the chaotic, anything goes melting-pot that is NYC. This quick-change artist is capable of transforming overnight, but dont worry the new edition of The HUNT New York City is here to tell you about the independently owned drinking, dining, shopping and lifestyle

venues that you shouldn't miss, from time-tested stalwarts, the new up-and-comers and everything in between.

About the AuthorJoAnna Kang admits she had to pluck up courage to make the cross-country move from Portland to New York. She finally confronted NYC's cramped living and long workdays in exchange for relishing a 24-hour gluttons paradise, where diverse creativity is awakened. She has written for Portland Monthly Magazine and Edible Manhattan, and when not hard at work, she enjoys recreating delicious recipes from Elizabeth David cookbooks, fogging up a glass case of smoked fish and caviar in her local deli, or browsing the shops and art shows on her doorstep in the Lower East Side.
