Great little book with plenty of cool secretsBy fernandoGreat little book with plenty of cool secrets, the only bad part is that there are pages with only two sentences as there is an arrangement of fact per page, so I would've liked more facts but it was a fun read0 of 1 people found the following review helpful. A "Must Read" for Walt Disney WorldBy M. WestbyI read this after reading The Imagineers Secrets of Disneyland. The book opens by going into detail about all the secrecy Walt used to purchase the land for Walt

Disney World and then continues on to reveal fun and interesting secrets about all four parks. Some of my favorites include- How to have Main Street, U.S.A. almost entirely to myself, which would be great for pictures- A great photo of Professor Cumulus Isobar on the Big Thunder Mountain Railroad- The obvious bad luck horseshoe omen at the entrance to the Haunted Mansion, which most people overlook- The story about the telegraph scene in Spaceship Earth. I had no idea what the message says, but now I do! I also now know how it came to be- All the secrets hidden in each country at Epcot. I now know how to make water dance in China by using my hands- Some of the smaller and more subtle story elements hidden in Disney's Animal Kingdom- What makes this book even better is all the excellent photography, which ties to the different secrets. This is a must read if you're a Walt Disney World (or Disneyland) fan!

I'm in the parks all the time, and Mike does a great job at pointing out some of the best details to be found. I had a blast reading it as I walked through the Magic Kingdom today. The pictures complement the text nicely, which helps in finding some of the more hidden secrets. This is a must read for all Walt Disney World fans!

What Are the Imagineers Trying to Hide? That's what you'll find out in best-selling Disney app publisher Mike Fox's tell-all book a companion to his popular *The Imagineers' Secrets of Disneyland* about everything you don't know about Walt Disney World. Featuring over 200 photos! With chapters on the Magic Kingdom and each of its lands, as well as separate chapters on Epcot's Future World, Epcot's World Showcase, Disney's Hollywood Studios, and Disney's Animal Kingdom, this E ticket read features stories about all the rides and shows you love, as well as little-known tales, including: The history behind the telegraph scene in Spaceship Earth (published here for the very first time!) How to gain access to the wheelhouse of the Liberty Square riverboat and pilot the ship Where to find over 100 Hidden Mickeys in one place The ominous warning you've probably never seen at the entrance to the Haunted Mansion Why you should never walk down the middle of the street in Liberty Square And many, many more, arranged as a fun tour through the parks. Discover the magic behind the magic at Walt Disney World, and then be sure to check out the companion website: Disney-Secrets.com!
