**Barbara Attell : The Insider's Pocket Guide to Disneyland** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Insider's Pocket Guide to Disneyland:

1 of 2 people found the following review helpful. Both a "Great Value", and "Invaluable!"By Al SterlingWe put this book to the best test.....we bought it for our Brazilian sister-in-law! For under \$10, we found Barbara Attell's pocket guide to be INVALUABLE! The information Barbara shares is timeless. You can tell that this author has invested both her heart and her full energy in writing this guide. Unlike the typical mechanical format of "Unofficial Guide to...books", this publication was obviously written on both a deeply personal and objective level. It's more like reading a letter from your sister, who wants to make sure you have a swell time! It's easy reading, informative, and if you, like us, have special needs when you visit Disneyland, you'll want to get this pocket guide before leaving your home. Thank you Barbara!2 of 4 people found the following review helpful. Finally There is a Great Disneyland BookBy Christina ViramontesThis is a must-have for everyone who visits Disneyland, or like me, a big fan of the place. I have learned so much more from this book than I have from the others. I recommend this book to everyone.

"The Insider's Pocket Guide to Disneyland" reveals everything you absolutely must know to avoid those extra long lines, save time and money and double your fun. You'll benefit from Barbara Attell's extensive knowledge acquired while visiting Disneyland over 50 times. She has personally been on all the rides, eaten in every restaurant and shopped in every store. They are all described and rated in a convenient pocket size guide (4"x9") with double size fold out map you can take with you for continual reference.

"At last, a complete pocket guide exclusively about Disneyland that covers everything you need to know to thoroughly enjoy your visit. Every hotel and motel in the Anaheim area should make it available to their guests." -- Ron Agron, Hyatt Hotel G.M., CA"I am a Disney Cast member and have read many books about Disneyland, but Barbara Attell's "Insider's Pocket Guide to Disneyland" is the BEST I've ever read. After reading mine I just had to buy another for a good friend." -- Jeri Ward, CA"This book is amazing. Even though I had visited Disneyland several times, I learned many things I never knew before. I especially appreciated the tips for seniors and the handicapped." -- Kathy Rosaia, CA"We followed Barbara Attell's advice and it worked like a charm. Our honeymoon trip to Disneyland was a blast." -- Gregg Lori Olsen, CAAbout the AuthorBarbara Attell has always had a passion for Disneyland since she was a child. Many of her friends aware of her vast knowledge would ask her advice on how to get the most out of their Disneyland visit. Some were so pleased, they suggested Barbara should write a book about Disneyland so others could benefit from her experience. So she did. It is her first and only book so far, although some of the poetry she has written has been published in magazines. She has been happily married for 20 years and her husband has been very supportive. In spite of her medical problems (she is diabetic, a hemodialysis patient and in recent years her sight has deteriorated to point of being legally blind) she has a great outlook on life and refuses to let anything get her down. She is graciously donating part of the profit from the sales of "The Insider's Pocket Guide to Disneyland" to the National Kidney Foundation and the American Diabetes Association.
