D. A. Barber, Chris Howell : The Insiders' Guide to Tucson--1st Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised The Insiders' Guide to Tucson--1st Edition:

24 of 26 people found the following review helpful. Very informative, it's good to get a view from the insideBy pete@aol.comI enjoyed The Insiders Guide to Tucson since I will be moving with my family very soon to the area. I've been in Tucson a number of times so can be a little objective about the reporting and I must admit that it is a bit partisan, but then it wouldn't be an insiders guide if it wasn't. It demonstrates the wide variety of services available in

Tucson and even without fancy colour photos makes the city sound attractive. I must admit that the comparisons on the restaurants are fairly exaggerated and it would be difficult to name any as remotely world class, but apart from that I thought the book was a super reference.

This informative guide gives you the inside scoop on Tucson - where you can sun bathe and swim in the morning, ski in the afternoon (part of the year), watch a heart-stopping sunset over desert sands and finish the day with world-class dining, the symphony, opera, plays, galleries or a casino. Whether you're planning retirement, a family relocation, a business trip or a vacation to the city known as the center of gravity to stargazers everywhere, The Insiders' Guide(r) to Tucson will help you keep your feet going in the right direction - even if your head is in the stars.
