I love reading to my son, but if I have to read Goodnight Moon one more time I'm going to lose my mind. (Seriously -- that book barely rhymes and -- "Goodnight nobody" ?? Is the bunny having an existential crisis??? Is the bar for children's literature THAT low??... but I digress.) The Kitten from Great Britain is great -- the rhymes were unexpected and clever and several made me laugh out loud. 10/10, will read again and not hide it in the bottom of kiddo's toy box.

The Kitten from Great Britain follows a cat that travels to different places to visit animal friends whose names rhyme with the country.
