Written many years ago. I like these types of stories as it is factual with fictional characters which make the book come alive. A good read but slow in a few places. If you like stores of Alaska and the gold rush years you will want to read this. It's not Jack London but pretty darn good.0 of 0 people found the following review helpful. Neat storyBy Joanne L. BarrettI was going to Alaska on vacation and this book made the history really come alive. Neat story! Well written.
