**Green Mountain Club : The Long Trail Guide: Hiking Vermont's High Ridge** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Long Trail Guide: Hiking Vermont's High Ridge:

0 of 0 people found the following review helpful. Good bookBy D. HudsonBook is very informative with some great detail. I found it to be very helpful for planning our hiking trip0 of 1 people found the following review helpful. love itBy Judith R. SmithCan't wait to get on the trail. This book will be great to have in the fanny pack! It has all the important information.

Following the spine of the Green Mountains from Massachusetts to Quebec, the 272 Long Trail is Vermont's rugged, world-renowned route. Whether you are an end to ender or a day hiker, the Long Trail Guide contains the information you will need to enjoy the scenery and solitude of Vermont's highest peaks. Includes new and improved full color topos elevation profiles, detailed descriptions of the route, including shelters, water sources and camping. Also larger scale maps of Mt. MANSfield and Camel's Hump.
