compulsive buyer of Walt Disney World planning guides--they are my favorite virtual escape from the pressures of real life. So I was really excited when this new guide became available! After a thorough reading, though, I was in the end disappointed. It's very well written and the author displays more knowledge of the travel business than the author of any other WDW guidebook I've read. However, it fails to deliver on the promise of "Luxury" which I hoped to be something to make this book really special. Instead, it thoroughly covers the same ground as many other guides with more of an emphasis on value than on the really high-end opportunities at WDW. This guide failed to capture the magic and excitement of Walt Disney World for me. 0 of 0 people found the following review helpful. have enjoyed book so far. By Audrey Hamann book meet expectations, delivery was fast. Its much like other Disney travel books but there are always some new things to learn and hear from another person point of view helps evaluate all the information. very helpful. 13 of 14 people found the following review helpful. How to make that trip extra special By Harold McFarland If you are going to Florida and thinking about visiting the Walt Disney World area you will want a copy of this book to help plan before you go. There are a lot of places on the Internet where you can get information on Disney World tickets, attractions, hours, and other information. The problem is that you have to go all over the net to get the information. Just this last year I went to Disney World and had to go to three different sites to get information about the hours of operation, ticket prices, places to get discount prices, and other basic information. In "The Luxury Guide to Walt Disney World" author Cara Goldsbury has done all the research and put together a complete guide in a single book. This is by far the most complete book on Walt Disney World that I have ever read. Not only does she cover the usual information on standard ticket prices, hours of operation, and the various attractions, but also ranks the hotel accommodations by price, descriptions, and offerings. She covers the discounts available, reservations information, categorizes the accommodations by what you are looking for (like best pool access, best park access, most romantic, etc.), and provides information on the menus and operating hours of the various restaurants. For each theme park she provides maps, fastpass offerings, special activities for people staying at the resorts, gift shops, suggested itineraries for different age levels, special tours and packages, and even when to go for the shortest lines. As a resident of Florida I can attest that Walt Disney World can be a wonderful and exciting adventure or an absolute nightmare that will make you swear you will never return. The difference between the two experiences is planning ahead and knowing what to expect. This guide does an excellent job of giving the reader all the information they need to ensure that their trip is one to remember fondly and is a highly recommended read for anyone planning a trip to any portion of Walt Disney World.

If you're hoping to discover the magic of Walt Disney World on your next vacation and you want to visit Mickey Mouse in style, look no further. You'll save time, money, and hassles with The Luxury Guide to Walt Disney World. This book is designed for those who wish to tour Walt Disney World in style by staying in the most luxurious resorts, dining at the best restaurants, and having a top-drawer entertainment experience. All four Disney theme parks are included, as well as Universal Orlando and Sea World- along with loads of information and tips. Cara Goldsbury, a Disney aficionado who has spent many vacations at the most magical place on earth, has put together a guide chock-full of insider tips and suggestions to make your next visit to Walt Disney World the best ever. It explains how to get the most out of the best Disney has to offer. Whether you are a novice to the park or a repeat customer, she shows you how, with proper preparation, even the most discriminating traveler can plan a rewarding trip. You'll learn: What time of year you should go for the best weather and the least amount of crowds How long you should stay to get the most out of your visit What accommodations offer the best for the money Where you can buy the neatest souvenirs and the most sophisticated designer duds Where to sample the most creative cuisine And much, much more!
