It's truly a handbook in the best sense and by following their tips, you can experience the finer side of travel for yourself along with the benefits that it can bring.

Part of the Traveler's Handbooks series, *The Luxury Traveler's Handbook* proves that luxury travel doesn't have to be expensive. Written by the founders of online travel and lifestyle magazine, LiveShareTravel (livesharetravel.com), it's a show and tell guide on how to source luxury for less. Exploring everything from flights and hotels to shared ownership and glamping, *The Luxury Traveler's Handbook* is your passport to smarter, more luxurious travel. It offers:

"There's nothing like traveling in luxury and it's reassuring to know that five-star doesn't have to burn a massive hole in one's pocket. If *The Luxury Traveler's Handbook* had been available when I was planning my excursions, I could have saved myself a few thousand dollars. However it's never too late to learn and having read up on some great money saving tips, I'm really looking forward to my next holiday. Thanks to this book, I know it's going to be an absolute blast."
