**Andrew Hudson, Mardi Snow : The Magic of Balboa Park** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Magic of Balboa Park:

Good for visual enjoyment and placement on a coffee table.7 of 7 people found the following review helpful. A True Gem: Both the Park and the BookBy B. E. NewellI live in San Diego, and I pass Balboa Park every day on the way to and from work. I bought 2 copies: one for a fiend who visits us here and enjoys the park, and the other for us. The architecture is amazing, and this book contains some historical photos and a plethora of information about the park and its history. If you have ever visited Balboa Park and long to see it again, this would be the book I would suggest.

The Magic of Balboa Park is the first and only souvenir coffee-table book to this amazing park.
