Very funny, and oddly accurate By Daniel W Poch If you've ever been to Maine and have experienced the local dialect, this book will have you rolling on the floor laughing your eyes out! It's simply a must for anyone who has ever had a dooryard! 0 of 0 people found the following review helpful. True to Life By Newms This is book is hilarious. Having summered in Maine for over 60 years I can truly say that this book nails it. It is helpful, funny, and true to life. It is probably more indicative of Mainers in the 60's than today with the infusion of all the folks from Massachusetts diluting the dialect. 0 of 0 people found the following review helpful. Five Stars By Cyn Lots of laughs from Mr, McDonald

"Maine truly has a language of its own, as the states favorite storyteller makes plain, with hilarious illustrations by a

leading regional cartoonist."
