**Chad Lewis : The Minnesota Road Guide to Gangster Hot Spots** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Minnesota Road Guide to Gangster Hot Spots:

1 of 1 people found the following review helpful. GangstersBy sheshe This is an informational book about gangsters in southern MN. This book doesn't have a story line. It is a short version of selected gangsters. I was hoping for more information about gangsters to northern Minnesota spots. Their activities, hideouts, favorite places. 1 of 1 people found

This book was ok but not what I expected. Not much left of the supposed Hot Spots in the title. I was a little disappointed.

Put on your zoot suit and follow in the footsteps of America's most infamous gangsters as they turned Minnesota into the land of 10,000 crimes. Filled with deadly bank robberies, explosive shootouts, brutal murders, and daring kidnappings, this book lets you discover the grisly locations where the gangster history will never die. Go on the lam and discover where: John Dillinger had his bloody shootout with authorities. Baby Face Nelson robbed banks and mowed down innocent bystanders. The gangsters' favorite hangouts where they danced the night away. The Barker-Karpis gang ransacked towns, bribed police, and killed anyone in their way. Wealthy citizens were kidnapped, held prisoner, and finally released.
