LouthainAs the author of the historical fiction, Tagger, Alone Along the Mystic River, I can confirm that the "Mystic Coast" is a well-researched and presented depiction of this beautiful New England coastline. Their pictures and illustrations do it justice.

The Mystic Coast--Stonington to New London: A Photographic Portrait presents many quality photographs of this Connecticut region. Images of Stonington, Mystic, Old Mystic, Mystic Seaport, Noank and Fishers Island, Groton, and

New London come together in this exquisite photographic journal.
