worth my time, and all praised The Navajo Country: A Geographic and Hydrographic Reconnaissance of Parts of Arizona, New Mexico, and Utah (Classic Reprint):

Excerpt from The Navajo Country: A Geographic and Hydrographic Reconnaissance of Parts of Arizona, New Mexico, and Utah The work on which the present report is based was begun in 1909 at the request of the United States Office of Indian Affairs. In May of that year, in company with M. R. Campbell and W. C. Mendenhall, of the United States Geological Survey, and under the intelligent guidance of H. F. Robinson, irrigation engineer of the Indian Office, I made a rapid trip to points in the southern portion of the Navajo and Hopi reservations, including Leupp, Tuba, the Hopi villages, Keams Canyon, Ganado, Chinle, and Fort Defiance, Ariz. Field work was continued until late in September. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
