Great Book!By NKieI have been reading Cerrone's work for 15+ years and was so excited to hear he was writing a book. Well this didn't disappoint. It's informative, fun and easy to

read. Essential reading for any mets fan, young or old. Highly recommended and look forward to knocking a few suggestions off my bucket list in the near future. 1 of 1 people found the following review helpful. WilliamBy William DiMarcoI echo what others have said - this is a terrific book. I've been an avid Mets fan since 1969 (7 years old) and humbly say I have a lot of knowledge about them their history, etc. There were some things in Mr. Cerrone's book that I didn't know myself. His passion for the Mets shows through this was such an enjoyable read, so full of great information topics. I don't really look at blogs on-line stuff all that much in general, but maybe I should start looking at the author's. Highly recommended.

Every New York Mets fan has a bucket list of activities to take part in at some point in their lives. But even the most die-hard fans haven't done everything there is to experience in and around New York. From singing "Meet the Mets" to running the old Shea Stadium bases, author Matthew Cerrone provides ideas, recommendations, and insider tips for must-see places and can't-miss activities near Citi Field. But not every experience requires a trip to Queens; long-distance Mets fans can cross some items off their list from the comfort of their own homes. Whether you're attending every home game or supporting the Mets from afar, there's something for every fan to do in The New York Mets Fans' Bucket List.
