From TASCHEN : The New York Times: 36 Hours USA Canada, Southeast before purchasing it in order to gauge whether or not it would be worth my time, and all praised The New York Times: 36 Hours USA Canada, Southeast:

1 of 1 people found the following review helpful. Great guide! By Laurita The authors have built the best itineraries for you to make the most out of a 3 days weekend in some of the nicest cities in the US and Canada. Just follow their advice or use it as a starting point to build your own itinerary - in any case, a great book to have! And I love the cover! 2 of 3 people found the following review helpful. Great book - not just your standard tourist attractions By kcruser Purchased for my parents, who enjoy quick trips in their retirement. Flipping through the book, we found great places to visit - some we didn't know about in areas with which we are familiar. Will probably purchase additional

books in the series.0 of 1 people found the following review helpful. I like this as a coffee table book as it is ...By
ce123I like this as a coffee table book as it is a good conversation starter. I do not necessarily agree with many of sight-
seeing destinations and would not recommend it as a serious travel guide.
