Cynthia Roberts : The Parents' Guide to the Delaware Valley before purchasing it in order to gauge whether or not it would be worth my time, and all praised *The Parents' Guide to the Delaware Valley*:

An easy-to-use, all-purpose reference book for parents who want quick access to a wealth of information about family services and resources.

From *Library Journal* The Delaware Valley (including Philadelphia and its suburbs) is one of the fastest growing regions of the mid-Atlantic states. Parents who live or plan to move there will find this a time-saving guide through the maze of child-rearing options and opportunities. Topics include selecting maternity and child health care, finding the right day care center, and choosing the best school for each child's needs. Outings both fun and educational are stressed, with emphasis on museums, libraries, parks, and nature centers. Day-to-day matters, e.g., toy shopping, dining out, birthday parties, are well covered. Roberts has done a fine job in providing geographically balanced coverage for this diverse area. An index would have been helpful. Highly recommended for public libraries. Stephen Rees, Bucks Cty. Free Lib., Levittown, Pa. Copyright 1989 Reed Business Information, Inc. About the Author CYNTHIA ROBERTS has served as publisher and editor of *Parents Express*, a monthly newsletter for parents in the Delaware Valley.
