Ahhh! The allure of the Hawaiian Islands - but do you dare move there? Pristine beaches, lush rain forests, secluded waterfalls, breathtaking ocean vistas, and year-round warmth. Yes. Hawaii is paradise. Or is it? For some visitors, her lure is so irresistible, they make one of the Hawaiian Islands their home. No doubt you've asked: What would it be like to live there? Do I dare take the leap? Kat Varano fervently dug deep to find the down-and-dirty truth for herself - but with no satisfaction. Her best answers came from interviewing people who'd taken the plunge and moved to Hawaii. The Real Hawaii Life features 22 in-depth stories of those who candidly shared their insiders' scoops with Kat - both what they disliked and LOVED about living in Hawaii. If Hawaii calls your name, The Real Hawaii Life tells all - based on the real-life experiences of those who've already leaped. FINALLY! This gutsy resource has the insiders' scoop about living in paradise!

I vacationed in Hawaii three times and came home wistfully telling everyone 'I could live there!' Then I read The Real Hawaii Life and asked, 'Could I really live there?' Kudos to Kat for providing a whole bevy of realistic information to make a better decision. --Mary P. About the Author This avid visitor to Hawaii loves hiking, snorkeling, and scuba diving.
