Bob Regan : The Realm of Deep Creek Lake before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Realm of Deep Creek Lake:

Bob Regan once again explores an area. His previous books-The Steps of Pittsburgh, The Bridges of Pittsburgh and The Names of Pittsburgh-have all received acclaim, attracting thousands interested in Pittsburgh's storied past.

Undoubtedly, The Realm of Deep Creek Lake will do the same for Deep Creek Lake and Garrett County as he brings to life this crown jewel of the county as well as the many natural and historic features of the area.
