Annie Salisbury : The Ride Delegate: Memoir of a Walt Disney World VIP Tour Guide before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Ride Delegate: Memoir of a Walt Disney World VIP Tour Guide:

2 of 2 people found the following review helpful. how can I have Annie as my tour guide By The Captain This is by far the best Disney book I have ever read. Annie is hilarious and witty and detailed and loves to eat... basically a girl after

my own heart. It's an easy read, but SUPER entertaining. You could lounge by the pool for a weekend, get a tan, and get a six pack from laughing so hard. The celebrities she met and described really came to life for me. I really felt like I was there along side of her eating corndogs on Main Street and egg rolls in Adventureland. I really want Annie to be my VIP guide now! I love books that go into Disney's "dark side" and share the side of the parks the guests never ever see. If you've been to Disney, you've seen the "plaid police" and anxiously look around to see what celebrity or athlete they are hosting. As you read this book, not only do you laugh, you also learn about ALL of the different kinds of food Disney offers in its parks. So if you don't like how much she eats, whatever. I love it. And I want her fourth book to be a Disney food guide.

2 of 2 people found the following review helpful. A behind the scenes view from a Disney tour guide
By Customer
This book provides an interesting behind the scenes look at Disneyworld from the perspective of a Disney tour guide. The stories Annie includes provide a not often seen view of how the park operates, and what life is like for someone catering to wealthy demanding clients visiting the parks. The book could have used a bit more editing and editorial review, but is a fun/informative read for any serious Disney fan.

By Amy MI
I am a self-admitted Disney lover and this book was right up my alley! I've always dreamed of doing a VIP tour and reading about the tours from the point-of-view of a guide was fabulous. I enjoyed all of the stories and the only thing that would have made this book better would have been if it were longer, I would be happy reading so many more experiences! I'd highly recommend this to all Disney fans, I bet you'll want to go on a VIP tour, if you don't already. About a year ago, we saw Michael Buble on a VIP tour and he was definitely getting special treatment.

Disney World for the 1%
The rich and famous experience Disney World differently from the rest of us: they're escorted by VIP Tour Guides, elite Cast Members who truly do hold the keys to the kingdom. Annie Salisbury was one of these Cast Members, in charge of making the very best magic for those who could afford it.

In *The Ride Delegate*, her memoir of life as a Disney World VIP tour guide, Annie shares some of her most memorable experiences:
The Middle Eastern royal family who needed a room at the Contemporary where all thirty-seven of them could pray, right now
The wealthy woman who used cancer as an excuse for why her family should be able to ride *It's a Small World* until they were ready to get off
The mysterious VIP (dubbed "Dr. No" by Annie) who arrived for his afternoon tour in a private plane at a private airport in the swamp
The famous football player who didn't understand why he couldn't ride Universal's Incredible Hulk Coaster at EPCOT
Plus, you'll learn about the perks and privileges of being a VIP Tour Guide, from corn dogs to illicit cash, and the lengths to which Disney will go to keep its VIP guests happy
Come get a taste of what Disney World is like for those with deep pockets and personalities to match and meet the eccentric, outrageous guests who turned Annie's dream job into a reality show.
