Bob Roney : The Road Guide to Yosemite before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Road Guide to Yosemite:

3 of 3 people found the following review helpful. Once I figured it out it was great. You still need to rely on the pamphlet ...By Sabrina GoodeThis book was helpful since it was to be used on a very short trip. It took a while to figure out when to read a note and where it was referring to. Once I figured it out it was great. You still need to rely on the pamphlet from the National Park to find your way around and since we were using it in the fall, the road conditions change. I would highly recommend you read through it before your trip and flag the items you will want to re-read. I look forward to a future trip and using the book more.0 of 0 people found the following review helpful. Must take along with youBy 68EagleMr. Roney takes you to this beautiful National Park and lets you separate your visit into 7 specific drives. One a day if you are lucky to spend a week there. Whatever time you have the perfect size, somewhat larger than a typical folded state map, except with hard stock cover and good heavy pages. Loaded with photos of each road area and stops are easily marked along the way. There is also a history of the mountain range in the beginning of the book. I guess the park service would have a version of the park, but since this is well visited, imagine the rangers telling you because of budget cuts, they are out of maps, happened to us at several areas over the years. Be Prepared, remember that motto?2 of 2 people found the following review helpful. This is good stuffBy Eric S. AndersonThis gave the anal retentive planner in me the detail i needed to plan my trip. A very good, very thorough road guide

Motorists have long-deserved an all-new guide to the major sights and stops along Yosemite's majestic major roadways one which not only lists distances, facilities, and things to do, but that also provides enlightening stories, park history, and natural history in a most engaging way. The wait is over. Ranger Bob Roney has applied his deep knowledge of the park and renowned story-telling skills to give drivers and their companions what they need to know, where they need to know it. Keyed to markers newly placed throughout the park, and packed with maps, illustrations, and dozens of full-color photographs, The Road Guide to Yosemite makes it safe and easy to stop and enjoy the world-famous scenery.

"The Road Guide to Yosemite, published by the Yosemite Conservancy, is the national park guidebook of my dreams." Robert Firpo-Cappiello Budget Travel"Bottom line if you're planning on exploring Yosemite National Park, then don't leave home without this essential resource." Barrier Free Travels"Bob Roney's book provides a look at the 214 miles of paved roads in the park." Rick Bentley The Fresno Bee"Roney uses his knowledge and story-telling skills to provide an insightful and entertaining guide..." Bob Walch BookLoons s
